## Why Join A Ski Club?

Want to have fun, travel, participate in outdoor activities & sports, socialize, go to parties and dances, and MEET diverse singles and/or couples?\*

If so, consider joining a ski club that does it all! Members are of a wide-age range and are into more than just skiing. In addition to new friends and a great social life, you will be introduced to life-long activities.

For skiers, ski clubs offer reasonably priced world-wide ski trips (US, Canada, Europe and more) with many close to home. Ski clubs offer instructional learn-to-ski programs. Besides skiing, ski clubs offer other co-ed sports (volleyball, tennis, golf, softball, etc.). In warm weather, clubs organize hikes, bike rides, camping, boating and white water rafting. Because of large membership and diversity, ski clubs offer more than just skiing and are often the best scene in town. Join the fun!
